1. Installation Guide

1. Move your unzipped folder of sounds to a safe location.
2. Import any of the loops, samples or MIDI files into your DAW, which is usually possible simply by dragging and dropping into the arrangement/session window. Please refer to your DAW's documentation for further information.

That's it! Further installation assistance can be found in our [support section](#).

2. Technical Info

- Acid WAVE & WAVE (.wav) format for the loops & samples (44.1kHz/24 bit)
- MIDI (.mid) files

3. License Agreement

The contents of this download are licensed, not sold to you by ModeAudio. Ownership remains with ModeAudio. Copying, duplicating, lending or re-selling this product or its contents, in whole or in part, is strictly prohibited. This non-exclusive license is granted for a single-user only on a global basis for the full copyright protection period.

You are licensed to use the contents of this download royalty-free, granting you the right to incorporate them into your own, original music compositions, personal and commercial projects without further permission from ModeAudio.

This license is non-transferable. You cannot electronically transfer the files included in this product or place them in a time-sharing or service bureau operation, or a computer network. ModeAudio cannot be held responsible for any direct/indirect consequential loss arising from the use of this product in whatever form. ModeAudio, the owner of this product, reserves all rights.

4. Contact / Support

If you have any problems with using the sounds included in this pack then please don't hesitate to get in touch. Either fill in our [contact form](#), or send an email to the following address:

support@modeaudio.com

Include as much information about the issue as you can - screenshots are usually very helpful. We'll almost certainly need to know which OS (e.g. Mac or Windows) you use and which DAW/piece of software you want to use the sounds with.

If you want to stay up to date with all things ModeAudio, you can sign up to our [newsletter](#) to receive news, free sounds, tutorials and much more.

Thanks again, we hope you enjoy the sounds as much as we enjoyed making them – see you soon!
